Subject: FOIA EPA-R8-2015-004247, Mr. Longenecker: search terms brainstorming

Paula, Steve, and Rudy

Paula has already responded to my previous email. I am sorry, Rudy, I should have included you in on that distribution. We need to brainstorm search terms for Mr. Longenecker to review. We can handle this by email if you like, but we need to get it finalized this week. Let me know if I need to reserve a conference room for brainstorming. My own thought is that several minds brainstorming often produce better results than individual effort.

As you all know, these are terms suggested by Richard Sisk:

sunnyside

mayflower

kinross

echo bay

white pine

TVX Gold

Washington Mining

UV Industries

United States Smelting and Refining Company

USSRMC

Mueller

Hennis

Colorado Goldfields

San Juan Corporation

Salem Minerals

Gold King

American tunnel

Cement creek

Etter

Perino

Longenecker

Please get back to me as quickly as possible, either way.

Thank you

Louise
